Growing Grapes and Making Homemade Wine

Fill the bottle through the funnel. Remove the airlock and put the siphon into liquid.

Home winemaking from A to Z : Zanelli, Leo : Free Download, Borrow, and Streaming : Internet Archive

The preparation of quality wines of all types without or with bisulfite is detailed.

Growing Grapes and Making Homemade Wine

Before the first year the vines had been neglected and grapes left on the vine to wither, then we started to prune. Now, depending on what yeast you are using you may be able to get away with filling it right up to the neck.

No technology has yet surpassed the human foot for the proper gentle, but thorough, crushing of wine grapes, but the more squeamish may prefer using their hands or a potato masher. It will often be easier if you freeze them first and then allow them to defrost. If the grapes were properly ripened, the stems should be somewhat brown and lignified woody.
