It has nothing to do with the frequency of updates. I love Corel PSP and really enjoy using it :- WordPerfect died because they took too long to port to Windows, and the early Windows versions were very buggy.

Paint Shop Pro 2021

Use Pixlr Editor with other to edit and optimize images for your website or blog and boost your Google rankings. This has caused some users to stick with version 7. I used it quite a bit until Corel decided it was worth multi-hundreds of dollars, even for an upgrade.
