# Artificial intelligence compendium - abstracts and index to research on AI theory and applications, 1954-1987.

Scientific DataLink - UW Design Machine Group

Description: -

-
Artificial intelligence -- Indexes.
Artificial intelligence -- Abstracts.
Scientific DataLink -- Indexes. Artificial intelligence compendium - abstracts and index to research on AI theory and applications, 1954-1987.
-Artificial intelligence compendium - abstracts and index to research on AI theory and applications, 1954-1987.
Notes: Rev. ed. of: The Scientific DataLink index to artificial intelligence research, 1954-1984. c1985.
This edition was published in 1988

Curtis Langlotz's Profile

Rainfall is the main triggering factor of landslide. The Governing Question Requirement Condition 3. Results The CNN model demonstrated an accuracy of 99% and an area under the curve value of 0.

A banker's use of simulation and artificial intelligence for assessing the economics of electronic money networks

The rate of major reactions 0. Appeared as a double special issue of Computers and Mathematics with Applications 23 2-9 , 1992.

Landslide Related Abstracts

The critiques are presented in the forms of text, diagrammatic annotation and 3D VRML. Firstly, as smart learning has now developed into an active field of research with increasing scientific studies, it is necessary to explore the thematic structure of this research field by using a rigorous machine learning technique that can analyze sizeable textual literature data automatically. When the workstation was used, the staff did not access the image information earlier, but clinical actions were initiated more promptly in response to imaging findings.

Artificial Intelligence

Big data analytics has gained wide attention from both academia and industry as the demand for understanding trends in massive datasets increases. The paper specifically describes one such system, ID3, in detail. The analysis involved 148 landslides that were obtained in 1978, 1994, 2009 and 2011.

The Artificial intelligence compendium : abstracts and index to research on AI theory and applications, 1954

Many deep learning algorithms fall in this category, and so does Principal Components Analysis. View details for View details for. Developing Digital Libraries for K-12 Education pp.
